

Press Release for Casa de Esperanza

Grand Opening of Hope House

Saturday, October 9, 2010

RSVP requested by October 5th

New Life Covenant Ministries is once again blazing their way into addressing a great need in the Humboldt Park community. As part of our non-profit enterprise, the Chicago Dream Center, we will be launching a new affordable housing initiative called Casa de Esperanza (Hope House). Consisting of two completely renovated apartment units, this building will provide affordable housing for single moms with children. More importantly, it will become a place to find hope and a space to call home.

Applications for this housing have been open to the public and through referrals with various local agencies. As of today, there is already a waitlist; candidates were chosen on October 7th. All applicants must go through an interview process to determine whether or not they qualify.

On October 9th, we invite the community to come hear the stories of the prospective residents as well as walk through these new facilities. The public is welcome to celebrate with us for this exciting event.
