HopeFest in partnership with local community organizations and businesses would like to invite you to participate at our 5th Anniversary celebration taking place Saturday, September 4, 2010 in Humboldt Park, Chicago.

Over the years HopeFest has served over 30,000 people from all over the city of Chicago. These are some of the 2009 accomplishments:

- *50 Community Organizations were in attendance*
- *750 Medical and Dental Screenings were performed*
- *1,000 uniform shirts were provided*
- *Over 1,500 kids received hair cuts*
- *5,000 recyclable bags full of groceries were distributed*
- *7,500 book bags were given to children full of supplies*
- *More than 1,800 families received prayer*

This has been made possible because of generous donations from corporations such as yours. Considering the economic hardships plaguing our communities, we anticipate that in 2010 HopeFest will serve well over 15,000 people from all across the city of Chicago and surrounding communities.

In conjunction with your generosity and support, on September 4, 2010 we look forward to being the ray of hope that our family, friends and neighbors are so desperately seeking.

Once again, we express our sincere gratitude for your support towards HopeFest and the citizens of Chicago.

Sincerely,
Jennifer Velazquez
HopeFest Director
